

Supplier name or trademark	Haier
Model identifier	HD100-A2979
Cotton capacity (kg)	10
Type of dryer	Isı Pompalı
Energy efficiency class	A++
Annual Energy Consumption (kWh) (1)	280
Automatic dryer	
Enerji tüketimi elektrik kurutma makinesi, tam yük - YENİ (2010/30	2,29
Enerji tüketimi elektrik kurutma makinesi, kısmi yük - YENİ (2010	1,35
Power consumption off mode (W)	0,46
Power consumption stand by (W)	0,63
Duration of the left-on mode (min)	40
Weighted programme time	200
Nomative drying time (min) full load	260
Nomative drying time (min) half load	160
Condensation efficiency class (from G as min to A as max)	B
Average condensation efficiency % full load	
Average condensation efficiency % partial load	
Weighted condensation efficiency %	80
Noise level (dB(A))	67
Built in / free standing model	Solo

1) based on 160 drying cycles of the standard cotton programme at full and partial load, and the consumption of the low-power modes. Actual energy consumption per cycle will depend on how the appliance is used 2) The 'standard cotton programme' used at full and partial load is the standard drying programme to which the information in the label and the fiche relates. This programme is suitable for drying normal wet cotton laundry and it is the most efficient programme in terms of energy consumption for cotton.
